

RADIUS.

PRAY

ENCOURAGE

COACH

A shepherding platform for Valley Creek **Associate Campus Pastors & Directors** — and the Circle Leaders they serve.

One place to live out the ACPD calling, and a leader-facing toolkit that empowers every Circle Leader to lead well. Everything runs on your existing CCB data — nothing to re-enter, nothing to migrate.

THE ACPD CALLING, IN ONE APP

three purposes · one workflow

PRAY

Carry your leaders before God.

- Pray through your roster **one tap at a time**
- A-Z rail jumps to any leader instantly
- Mark a prayer answered → **save it as a note** on their profile
- Every prayer session is logged — no one slips through
- Call or text a leader right from the prayer screen

ENCOURAGE

Make every leader feel seen.

- **Call, text, or email** from any profile in one tap
- Send messages with **push notifications** — instantly
- Message an entire circle's roster in one click
- Birthday list so you never miss a moment
- Follow-up tracking flags who's overdue for a touch

COACH

Develop leaders on purpose.

- **Scorecards** track each leader's growth over time
- **AI meeting prep** before every one-on-one
- Notes with dictation & AI summaries — synced to CCB
- Circle visits & live attendance trends from CCB
- Tracker shows who's reporting & who's slipping
- Your **Today** page surfaces the Big 3 that need you now

THE OTHER SIDE

The Circle Leader Toolkit

A separate, installable app the Circle Leaders use themselves.

Passwordless sign-in

A one-time code — no passwords to forget.

Weekly summary in a minute

How did the circle go? Done in under 60 seconds.

A roster they own

Add or remove members anytime — synced to CCB.

Absence alerts

See who's drifting before they're gone.

Resources & inbox

Staff guidance and messages, in their pocket.

Push & built-in guide

Never stuck, always connected to their ACPD.

WHY IT MATTERS

Radius turns **pray, encourage, coach** from a good intention into a weekly rhythm. The result: **consistent shepherding**, leaders who feel genuinely cared for, and **nothing falling through the cracks** — all from data Valley Creek already keeps in CCB.

WHAT ROLLOUT LOOKS LIKE

- 1 **ACPDs onboard** in minutes — their leaders are already there.
- 2 **Leaders install the Toolkit** with a single code.
- 3 A weekly rhythm of **pray, encourage, coach** begins.
